

prohibits persons from falsely claiming to be licensed as a professional engineering firm in the State of Louisiana. La. R.S. 37:700(H) permits the Board to take enforcement action against persons who violate La. R.S. 37:681 and 37:700(A)(1), (7), (8) and (9), *to wit* LAC Title 46:LXI§2301(B)(1), upon a finding of guilt following the preferral of charges, notice and hearing and a majority vote of its entire membership authorized to participate in the proceeding. La. R.S. 37:681, La. R.S. 37:700(A)(1), (7), (8) and (9), La. R.S. 37:700(H) and LAC Title 46:LXI§2301(B)(1) were in effect at all times material hereto.

It is undisputed that **(a)** at all times material hereto Respondent was not licensed to practice and/or offer to practice engineering in Louisiana; **(b)** between 2006 and 2010 Respondent practiced and/or offered to practice engineering and used a modification of the word "engineer" in its name or form of business or activity in Louisiana without proper licensure and **(c)** between 2006 and 2010 Respondent represented on its website that it was licensed as a professional engineering firm in Louisiana.

By letter dated July 27, 2011, the Board gave notice to Respondent that it was considering the preferral of charges against Respondent on the grounds that it may have violated (a) La. R.S. 37:681 and 37:700(A)(1), (7) and (9), *to wit* LAC Title 46:LXI§2301(B)(1), relative to practicing and/or offering to practice engineering and using the word "engineer", "engineering" or any modification or derivative thereof in a person's name or form of business or activity in Louisiana without proper licensure and (b) La. R.S. 37:700(A)(8), relative to falsely claiming that a person is licensed as a professional engineering firm in Louisiana.

Wishing to dispense with the need for further enforcement action and to conclude the instant proceeding without further delay and expense, for the purpose of this proceeding only, Respondent and the Board do hereby enter into this Consent Order, in which Respondent of its own free will consents to the issuance of a Consent Order by the Board, wherein Respondent agrees to **(a)** pay a fine of two thousand five hundred (\$2,500.00) dollars; **(b)** pay administrative costs of three hundred forty three and 17/100 (\$343.17) dollars; and **(c)** the publication of this Consent Order on the Board's website and a summary of this matter in the Board's official journal, the Louisiana Engineer and Surveyor Journal, and the reporting of this matter to the

National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name.

Respondent admits to violations of the referenced laws and/or rules regarding **(a)** the practicing of and/or offering to practice engineering and the use of the words "engineer", "engineering" or any modification or derivative thereof in a person's name or form of business or activity in Louisiana without proper licensure and **(b)** the false claim that a person is licensed as a professional engineering firm in Louisiana. Respondent acknowledges awareness of said laws and/or rules and states that it will comply with all applicable laws and rules henceforth. Respondent has been advised of its right to be represented by counsel before the Board and/or to appear at any hearing personally or by counsel and to present witnesses and evidence in its own behalf, and it hereby waives this right and its right to appeal; and it states affirmatively that it has been afforded all administrative remedies due it under the law.

Therefore, in consideration of the foregoing and by signing this Consent Order, Respondent does hereby waive its right to a hearing before the Board, to the presenting of evidence and witnesses in its behalf, to Findings of Fact and Conclusions of Law in this case, and to judicial review of this Consent Order.

Respondent hereby represents **(a)** that it fully understands the meaning and intent of this Consent Order, including but not limited to its final and binding effect, **(b)** that it has voluntarily entered into this Consent Order and that no other promise or agreement of any kind has been made to or with it by any person whatsoever to cause the execution of this instrument and **(c)** that the sanctions set forth in this Consent Order do not prevent the Board from taking further disciplinary or enforcement action against Respondent on matters not specifically addressed in this Consent Order.

WHEREFORE, the Louisiana Professional Engineering and Land Surveying Board and Respondent agree that:

1. Respondent shall pay a fine of two thousand five hundred (\$2,500.00) dollars, which shall be tendered to the Board by certified check payable to the Board, due upon the signing of this Consent Order; and

2. Respondent shall pay administrative costs of three hundred forty three and 17/100 (\$343.17) dollars, which shall be tendered to the Board by certified check payable to the Board, due upon the signing of this Consent Order; and

3. This Consent Order shall be published on the Board's website and a summary of this matter shall be printed in the official journal of the Board, the Louisiana Engineer and Surveyor Journal, and reported to the National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name; and

4. This Consent Order shall not become effective unless and until it is accepted by and on behalf of the Board. Should the Board not accept and sign this Consent Order, it is agreed that presentation of this matter to the Board shall not prejudice the Board or any of its members from further participation, consideration or resolution of any further proceedings herein.
