CASE NO.: 2011-108

**Received**  
**SEP 10 2012**

By LAPELS Enforcement

CONSENT ORDER

The Louisiana Professional Engineering and Land Surveying Board [hereinafter the "Board"], by and through its Executive Director, pursuant to authorization by the Board, and Screening Systems International, Inc. [hereinafter "Respondent"], by and through its duly authorized undersigned representative, hereby agree to the following:

At all times material hereto, Respondent was not licensed in the State of Louisiana as a professional engineering firm and, therefore, was not authorized to practice and/or offer to practice engineering in the State of Louisiana.

An investigation was opened based upon the Board's receipt of information and documents which suggested that Respondent may have engaged in the unlicensed practice of and/or offering to practice engineering in Louisiana. The investigation disclosed that since at least 2011 Respondent has maintained a website which (a) described Respondent's services as including "Engineering and Design" and "Engineering Intake Design", (b) listed Respondent's employees as including an "Engineering Manager", (c) stated that Respondent has an "engineering group" and a "team of well-trained engineers" and (d) stated that Respondent's business address is in Slaughter, Louisiana.

La. R.S. 37:681 and 37:700(A)(1) and (7), prohibit the practicing of and/or the offering to practice engineering and the use of the words "engineer", "engineering" or any modification or derivative thereof in a person's name or form of business or activity in Louisiana without proper licensure. La. R.S. 37:700(H) permits the Board to take enforcement action against persons who violate La. R.S. 37:681 and 37:700(A)(1) and (7), upon a finding of guilt following the preferral of charges, notice and hearing and a majority vote of its entire membership authorized to

participate in the proceeding. La. R.S. 37:681, La. R.S. 37:700(A)(1) and (7) and La. R.S. 37:700(H) were in effect at all times material hereto.

It is undisputed that at all times material hereto Respondent was not licensed to practice and/or offer to practice engineering in Louisiana and that since at least 2011 Respondent has used the words "engineer", "engineering" and modifications or derivatives thereof in conjunction with its business in Louisiana without proper licensure (the "Conduct").

By letter dated August 7, 2012, the Board gave notice to Respondent that it was considering the preferral of charges against Respondent on the grounds that it may have violated La. R.S. 37:681 and 37:700(A)(1) and (7), relative to practicing and/or offering to practice engineering and using the words "engineer", "engineering" or any modification or derivative thereof in a person's name or form of business or activity in Louisiana without proper licensure.

Wishing to dispense with the need for further enforcement action and to conclude the instant proceeding without further delay and expense, for the purpose of this proceeding only, Respondent and the Board do hereby enter into this Consent Order, in which Respondent of its own free will consents to the issuance of a Consent Order by the Board, wherein Respondent agrees to **(a)** pay a fine of one thousand (\$1,000.00) dollars; **(b)** pay administrative costs of four hundred forty-six and 34/100 (\$446.34) dollars; **(c)** immediately cease and desist from use of the words "engineer", "engineering" or any modification or derivative thereof on its website, in advertising itself or in otherwise describing its business, services, activities or employees in Louisiana until such time as it is duly licensed by the Board; and **(d)** the publication of this Consent Order on the Board's website and a summary of this matter in the Board's official journal, the Louisiana Engineer and Surveyor Journal, identifying Respondent by name.

Respondent admits that the Conduct is a violation of the referenced laws and/or rules regarding the offering to practice engineering and the use of the words "engineer", "engineering" or any modification or derivative thereof in a person's name or form of business or activity in Louisiana without proper licensure. Respondent acknowledges that it is now aware of said laws and/or rules and states that it will comply with all applicable laws and rules henceforth. Respondent has been advised of its right to be represented by counsel before the Board and/or to appear at any hearing personally or by counsel and to present witnesses and

evidence in its own behalf, and it hereby waives this right and its right to appeal; and it states affirmatively that it has been afforded all administrative remedies due it under the law.

Respondent further acknowledges awareness of the fact that the signed original of this Consent Order will remain in the custody of the Board as a public record and will be made available for public inspection and copying upon request.

Therefore, in consideration of the foregoing and by signing this Consent Order, Respondent does hereby waive its right to a hearing before the Board, to the presenting of evidence and witnesses in its behalf, to Findings of Fact and Conclusions of Law in this case, and to judicial review of this Consent Order.

Respondent hereby represents **(a)** that it fully understands the meaning and intent of this Consent Order, including but not limited to its final and binding effect, **(b)** that it has voluntarily entered into this Consent Order and that no other promise or agreement of any kind has been made to or with it by any person whatsoever to cause the execution of this instrument and **(c)** that the sanctions set forth in this Consent Order do not prevent the Board from taking further disciplinary or enforcement action against Respondent on matters not specifically addressed in this Consent Order.

WHEREFORE, the Louisiana Professional Engineering and Land Surveying Board and Respondent agree that:

1. Respondent shall pay a fine of one thousand (\$1,000.00) dollars, which shall be tendered to the Board by certified check payable to the Board, due upon the signing of this Consent Order; and

2. Respondent shall pay administrative costs of four hundred forty-six and 34/100 (\$446.34) dollars, which shall be tendered to the Board by certified check payable to the Board, due upon the signing of this Consent Order; and

3. Respondent shall immediately cease and desist the use of the words "engineer", "engineering" or any modification or derivative thereof on its website, in advertising itself or in otherwise describing its business, services, activities or employees in Louisiana until such time as it is duly licensed by the Board; and

4. This Consent Order shall be published on the Board's website and a summary of this matter shall be printed in the official journal of the Board, the Louisiana Engineer and Surveyor Journal, identifying Respondent by name; and

5. This Consent Order shall not become effective unless and until it is accepted by and on behalf of the Board. Should the Board not accept and sign this Consent Order, it is agreed that presentation of this matter to the Board shall not prejudice the Board or any of its members, staff, attorneys or representatives from further participation, consideration or resolution of any further proceedings herein.
