CASE NO.: 2011-33

Received
DEC 14 2012

By LAPELS Enforcement

CONSENT ORDER

The Louisiana Professional Engineering and Land Surveying Board [hereinafter the “Board”], by and through its Executive Director, pursuant to authorization by the Board, and Robson Forensic, Inc. [hereinafter “Respondent”], by and through its duly authorized undersigned representative, hereby agree to the following:

At all times material hereto, Respondent was not licensed in the State of Louisiana as a professional engineering firm and, therefore, was not authorized to practice and/or offer to practice engineering in the State of Louisiana. Respondent subsequently became licensed in the State of Louisiana as a professional engineering firm, number EF-4790, effective April 13, 2011.

An investigation was opened based upon the Board’s receipt of information and documents which suggested that Respondent may have engaged in the unlicensed practice of and/or offering to practice engineering in Louisiana. The investigation disclosed that between 2009 and March 2011 Respondent provided engineering services on four (4) projects in Louisiana in which it prepared and issued engineering reports and served as an engineering expert for clients in Louisiana involving sites, accidents and litigation in Louisiana. On one of the projects Respondent also conducted an inspection of the site in Louisiana. The investigation also disclosed that Respondent identified itself as “engineers” in connection with the projects in Louisiana.

La. R.S. 37:681 and 37:700(A)(1) and (7), prohibit the practicing of and/or offering to practice engineering and the use of the words “engineer”, “engineering” or any modification or derivative thereof in a person’s name or form of business or activity in Louisiana without proper licensure. La. R.S. 37:700(H) permits the Board to take enforcement action against persons who violate La. R.S. 37:681 and 37:700(A)(1) and (7), upon a finding of guilt following the preferral of charges, notice and hearing and a majority vote of its entire membership authorized to

participate in the proceeding. La. R.S. 37:681, La. R.S. 37:700(A)(1) and (7) and La. R.S. 37:700(H) were in effect at all times material hereto.

It is undisputed that at all times material hereto Respondent was not licensed to practice and/or offer to practice engineering in Louisiana and that between 2009 and March 2011 Respondent practiced and/or offered to practice engineering and used the word “engineers” in conjunction with its name and business in Louisiana without proper licensure.

By letter dated June 20, 2012, the Board gave notice to Respondent that it was considering the preferral of charges against Respondent on the grounds that it may have violated La. R.S. 37:681 and 37:700(A)(1) and (7), relative to practicing and/or offering to practice engineering and using the words “engineer”, “engineering” or any modification or derivative thereof in a person’s name or form of business or activity in Louisiana without proper licensure.

Wishing to dispense with the need for further enforcement action and to conclude the instant proceeding without further delay and expense, for the purpose of this proceeding only, Respondent and the Board do hereby enter into this Consent Order, in which Respondent of its own free will consents to the issuance of a Consent Order by the Board, wherein Respondent agrees to (a) pay a fine of two thousand five hundred (\$2,500.00) dollars, (b) pay administrative costs of one thousand five hundred twenty-one and 14/100 (\$1,521.14) dollars, and (c) the publication of this Consent Order on the Board’s website and a summary of this matter in the Board’s official journal, the Louisiana Engineer and Surveyor Journal, and the reporting of this matter to the National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name.

Respondent admits to violations of the referenced laws and/or rules regarding the practicing of and/or offering to practice engineering and the use of the words “engineer”, “engineering” or any modification or derivative thereof in a person’s name or form of business or activity in Louisiana without proper licensure. Respondent acknowledges awareness of said laws and/or rules and states that it will comply with all applicable laws and rules henceforth. Respondent has been advised of its right to appeal; and it states affirmatively that it has been afforded all administrative remedies due it under the law.

Therefore, in consideration of the foregoing and by signing this Consent Order, Respondent does hereby waive its right to a hearing before the Board, to the presenting of

evidence and witnesses on its behalf, to Findings of Fact and Conclusions of Law in this case, and to judicial review of this Consent Order.

Respondent hereby represents (a) that it fully understands the meaning and intent of this Consent Order, including but not limited to its final and binding effect, (b) that it has voluntarily entered into this Consent Order and that no other promise or agreement of any kind has been made to or with him by any person whatsoever to cause the execution of this instrument and (c) that the sanctions set forth in this Consent Order do not prevent the Board from taking further disciplinary or enforcement action against Respondent on matters not specifically addressed in this Consent Order.

WHEREFORE, the Louisiana Professional Engineering and Land Surveying Board and Respondent agree that:

1. Respondent shall pay a fine of two thousand five hundred (\$2,500.00) dollars, which shall be tendered to the Board by certified check payable to the Board, due upon the signing of this Consent Order; and
2. Respondent shall pay administrative costs one thousand five hundred twenty-one and 14/100 (\$1,521.14) dollars, which shall be tendered to the Board by certified check payable to the Board, due upon the signing of this Consent Order; and
3. This Consent Order shall be published on the Board's website and a summary of this matter shall be printed in the official journal of the Board, the Louisiana Engineer and Surveyor Journal, and reported to the National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name; and
4. This Consent Order shall not become effective unless and until it is accepted and signed by and on behalf of the Board. Should the Board not accept and sign this Consent Order, it is agreed that presentation of this matter to the Board shall not prejudice the Board or any of its members, staff, attorneys or representatives from further participation, consideration, or resolution of any further proceedings herein.
