CONSENT ORDER

The Louisiana Professional Engineering and Land Surveying Board [hereinafter the “Board”], by and through its Executive Director, pursuant to authorization by the Board, and Bridget S. Morello, P.E. [hereinafter “Respondent”] hereby agree to the following:

Respondent has been licensed in the State of Louisiana as a professional engineer, number PE-37219, since June 6, 2012. At all times material hereto, Progressive Engineering & Construction, Inc. [hereinafter “PEC”] was not licensed in the State of Louisiana as a professional engineering firm and, therefore, was not authorized to practice and/or offer to practice engineering in the State of Louisiana. PEC subsequently became licensed in the State of Louisiana as a professional engineering firm, number EF-5567, effective June 6, 2014. PEC has been authorized as an engineering firm in the State of Florida since 1999. At all times material hereto, Respondent was an employee and owner of PEC. Respondent is now the supervising professional of PEC.

An investigation was opened based upon the Board’s receipt of an Application for Firm Licensure, in which PEC self-reported that it had engaged in the unlicensed practice of or offering to practice engineering in Louisiana. The investigation disclosed that between 2010 and January 2014 PEC admittedly provided and offered to provide engineering services on three (3) environmental remediation projects in Louisiana. Respondent states that the engineering services in connection with two of said projects were provided between 2010 and July 2012 through PEC’s former employee and owner Gregory J. Rorech, P.E., who was individually licensed in Louisiana as a professional engineer during that time period. Respondent further states that she provided the engineering services in connection with one of said projects between November

2012 and January 2014. Additionally, Respondent states that she believed PEC was licensed in Louisiana at the time said engineering services were provided; however, when she became aware that it was not, she submitted the above mentioned Application for Firm Licensure and self-reported said unlicensed practice violations by PEC.

La. R.S. 37:681 and 37:700(A)(1), (7) and (9), *to wit* LAC Title 46:LXI§2301(B), prohibit the practicing of and/or offering to practice engineering and the use of the words “engineer”, “engineering” or any modification or derivative thereof in a person’s name or form of business or activity without proper licensure. La. R.S. 37:698(A)(12) prohibits licensees from aiding or assisting another person in violating the laws and/or rules of the Board. La. R.S. 37:698(H) permits the Board to take disciplinary action against persons who violate La. R.S. 37:698(A)(12), upon a finding of guilt following the preferral of charges, notice and hearing and a majority vote of its entire membership authorized to participate in the proceeding. La. R.S. 37:681, La. R.S. 37:698(A)(12) and (H), La. R.S. 37:700(A)(1), (7) and (9), and LAC Title 46:LXI§2301(B) were in effect at all times material hereto.

It is undisputed that between 2010 and January 2014 (a) PEC was not licensed to practice and/or offer to practice engineering in Louisiana, (b) PEC practiced and/or offered to practice engineering in Louisiana without proper licensure and (c) Respondent aided or assisted PEC in violating the laws and/or rules of the Board.

By letter dated January 26, 2016, the Board gave notice to Respondent that it was considering the preferral of charges against Respondent on the grounds that she may have violated La. R.S. 37:698(A)(12), relative to the aiding or assisting of another person in violating the laws and/or rules of the Board.

Wishing to dispense with the need for further disciplinary action and to conclude the instant proceeding without further delay and expense, for the purpose of this proceeding only, Respondent and the Board do hereby enter into this Consent Order, in which Respondent of her own free will consents to the issuance of a Consent Order by the Board, wherein Respondent agrees to (a) pay a fine of five hundred and no/100 (\$500.00) dollars, (b) pay administrative costs of two hundred fifty and 54/100 (\$250.54) dollars, (c) successfully complete the Board’s online Louisiana Laws and Rules Quiz, (d) successfully complete the Board’s online Louisiana

Professionalism and Ethics Quiz, and (e) the publication of this Consent Order on the Board's website and a summary of this matter in the Board's official journal, the *Louisiana Engineer and Surveyor Journal*, and the reporting of this matter to the National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name.

Respondent admits that her conduct as set forth above constitutes violations of the above referenced laws and/or rules as stated herein. Respondent acknowledges awareness of said laws and/or rules and states that she will comply with all applicable laws and rules henceforth. Respondent has been advised of her right to be represented by counsel before the Board and/or to appear at any hearing personally or by counsel and present witnesses and evidence in its own behalf, it hereby waives this right and its right to appeal, and she states affirmatively that she has been afforded all administrative remedies due her under the law. Respondent further acknowledges awareness of the fact that the signed original of this Consent Order will remain in the custody of the Board as a public record and will be made available for public inspection and copying upon request.

Therefore, in consideration of the foregoing and by signing this Consent Order, Respondent does hereby waive her right to a hearing before the Board, to the presenting of evidence and witnesses in her behalf, to Findings of Fact and Conclusions of Law in this case, and to judicial review of this Consent Order.

Respondent hereby represents (a) that she fully understands the meaning and intent of this Consent Order, including but not limited to its final and binding effect, (b) that she has voluntarily entered into this Consent Order and that no other promise or agreement of any kind has been made to or with her by any person whatsoever to cause the execution of this instrument and (c) that the sanctions set forth in this Consent Order do not prevent the Board from taking further disciplinary or enforcement action against Respondent on matters not specifically addressed in this Consent Order.

WHEREFORE, the Louisiana Professional Engineering and Land Surveying Board and Respondent agree that:

1. Respondent shall pay a fine of five hundred and no/100 (\$500.00) dollars, which shall be tendered to the Board by certified check payable to the Board, due upon the signing of this Consent Order; and
2. Respondent shall pay administrative costs of two hundred fifty and 54/100 (\$250.54) dollars, which shall be tendered to the Board by certified check payable to the Board, due upon the signing of this Consent Order; and
3. Respondent shall successfully complete the Board's online Louisiana Laws and Rules Quiz with a score of 90% or higher and return it to the Board within sixty (60) days of the effective date of this Consent Order; and
4. Respondent shall successfully complete the Board's online Louisiana Professionalism and Ethics Quiz with a score of 90% or higher and return it to the Board within sixty (60) days of the effective date of this Consent Order; and
5. This Consent Order shall be published on the Board's website and a summary of this matter shall be printed in the official journal of the Board, the *Louisiana Engineer and Surveyor Journal*, and reported to the National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name; and
6. This Consent Order shall not become effective unless and until it is accepted and signed by and on behalf of the Board. Should the Board not accept and sign this Consent Order, it is agreed that presentation of this matter to the Board shall not prejudice the Board or any of its members, staff, attorneys or representatives from further participation, consideration, or resolution of any further proceedings herein.
