CONSENT ORDER

The Louisiana Professional Engineering and Land Surveying Board [hereinafter the “Board”], by and through its Executive Director, pursuant to authorization by the Board, and Gerald T. Wynne [hereinafter “Respondent”] hereby agree to the following:

At all times material hereto, Respondent was a licensed in the State of Louisiana as a professional engineer, number PE-32184; however, his license has been in an expired status since April 1, 2014. At all times material hereto, MSP Engineering Group, PLLC [hereinafter “MSP”] was not licensed in the State of Louisiana as a professional engineering firm and, therefore, was not authorized to practice and/or offer to practice engineering in the State of Louisiana. At all times material hereto, Respondent was an owner, employee and representative of MSP.

An investigation was opened based upon the Board’s receipt of information and/or documents which suggested that Respondent may have practiced and/or offered to practice engineering in Louisiana during which time his license was expired. The investigation disclosed that in or about January 2016 MSP admittedly offered to provide engineering services in Louisiana and provided engineering services for Park 7 Group on their Park Place project in Baton Rouge, Louisiana, including Respondent (on behalf of and in the name of MSP) preparing, sealing, signing and issuing to the client structural engineering documents in connection with said project.

La. R.S. 37:681 and La. R.S. 37:700(A)(1), (7) and (9), *to wit* LAC Title 46:LXI§2301(B), prohibit the practicing of and/or offering to practice engineering and the use of the words “engineer”, “engineering” or any modification or derivative thereof in a person’s name

or form of business or activity without proper licensure. La. R.S. 37:698(A)(9), and (16) prohibit licensees from practicing and/or offering to practice engineering with an expired license. La. R.S. 37:698(A)(12) prohibits licensees from aiding or assisting another person in violating the laws and/or rules of the Board. La. R.S. 37:698(H) permits the Board to take disciplinary action against persons who violate La. R.S. 37:698(A)(9), (12), and (16), upon a finding of guilt following the preferral of charges, notice and hearing and a majority vote of its entire membership authorized to participate in the proceeding. La. R.S. 37:681, La. R.S. 37:698(A)(9), (12) and (16), La. R.S. 37:698(H), La. R.S. 37:700(A)(1), (7) and (9), and LAC Title 46:LXI§2301(B) were in effect at all times material hereto.

It is undisputed that **(a)** Respondent's license to practice and/or offer to practice engineering in Louisiana has been in an expired status since April 1, 2014, **(b)** during this period Respondent practiced and offered to practice engineering in Louisiana, **(c)** MSP has never been licensed to practice and/or offer to practice engineering in Louisiana, **(d)** in or about January 2016 MSP admittedly practiced and offered to practice engineering and used the word "engineering" in its name in Louisiana without proper licensure and **(e)** Respondent aided or assisted MSP in violating the laws and/or rules of the Board.

By letter dated March 21, 2018, the Board gave notice to Respondent that it was considering the preferral of charges against Respondent on the grounds that Respondent may have violated **(a)** La. R.S. 37:698(A)(9), and (16), relative to practicing and/or offering to practice engineering with an expired license and **(b)** La. R.S. 37:698(A)(12), relative to aiding or assisting another person in violating the laws and/or rules of the Board.

Wishing to dispense with the need for further disciplinary action and to conclude the instant proceeding without further delay and expense, for the purpose of this proceeding only, Respondent and the Board do hereby enter into this Consent Order, in which Respondent of his own free will consents to the issuance of a Consent Order by the Board, wherein Respondent agrees to **(a)** pay a fine of five thousand and no/100 (\$5,000.00) dollars, **(b)** pay administrative costs of five hundred ninety-three and 35/100 (\$593.35) dollars, **(c)** pay past unpaid renewal fees of two hundred forty and no/100 (\$240.00) dollars, **(d)** successfully complete the Board's online Louisiana Laws and Rules Quiz, **(e)** successfully complete the Board's online Louisiana Professionalism and Ethics Quiz, **(f)** immediately cease and desist practicing and/or offering to

practice engineering in Louisiana until such time as his expired Louisiana professional engineer license is renewed by the Board, **(g)** ensure that MSP immediately ceases and desists practicing and/or offering to practice engineering and using the words “engineer”, “engineering” or any modification or derivative thereof in its name or in describing its business, activities or services in Louisiana until such time as it is duly licensed by the Board, and **(h)** the publication of this Consent Order on the Board’s website and a summary of this matter in the Board’s official journal, the *Louisiana Engineer and Surveyor Journal*, and the reporting of this matter to the National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name.

Respondent admits that his conduct as set forth above constitutes violations of the above referenced laws and/or rules as stated herein. Respondent acknowledges awareness of said laws and/or rules and states that he will comply with all applicable laws and rules henceforth. Respondent has been advised of his right to be represented by counsel before the Board and/or to appear at any hearing personally or by counsel and present witnesses and evidence in his own behalf, he hereby waives this right and his right to appeal, and he states affirmatively that he has been afforded all administrative remedies due him under the law. Respondent further acknowledges awareness of the fact that the signed original of this Consent Order will remain in the custody of the Board as a public record and will be made available for public inspection and copying upon request.

Therefore, in consideration of the foregoing and by signing this Consent Order, Respondent does hereby waive his right to a hearing before the Board, to the presenting of evidence and witnesses on his behalf, to Findings of Fact and Conclusions of Law in this case, and to judicial review of this Consent Order.

Respondent hereby represents that **(a)** he fully understands the meaning and intent of this Consent Order, including but not limited to its final and binding effect, **(b)** he has voluntarily entered into this Consent Order and that no other promise or agreement of any kind has been made to or with it by any person whatsoever to cause the execution of this instrument and **(c)** the sanctions set forth in this Consent Order do not prevent the Board from taking further disciplinary or enforcement action against Respondent on matters not specifically addressed in this Consent Order.

WHEREFORE, the Louisiana Professional Engineering and Land Surveying Board and Respondent agree that:

1. Respondent shall pay a fine of five thousand and no/100 (\$5,000.00) dollars, which shall be tendered to the Board by certified check payable to the Board, due upon the signing of this Consent Order; and

5. Respondent shall successfully complete the Board's online Louisiana Professionalism and Ethics Quiz with a score of 90% or higher and return it to the Board within sixty (60) days of the effective date of this Consent Order; and
6. Respondent shall immediately cease and desist practicing and/or offering to practice engineering in Louisiana until such time as his expired Louisiana professional engineer license is renewed by the Board; and
7. Respondent shall ensure that MSP immediately ceases and desists practicing and/or offering to practice engineering and using the words "engineer", "engineering" or any modification or derivative thereof in its name or in describing its business, activities or services in Louisiana until such time as it is duly licensed by the Board; and
8. This Consent Order shall be published on the Board's website and a summary of this matter shall be printed in the official journal of the Board, the *Louisiana Engineer and Surveyor Journal*, and reported to the National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name; and
