

C. Examinations in the fundamentals of engineering, fundamentals of land surveying, the principles and practice of engineering, the principles and practice of land surveying and the Louisiana laws of land surveying will be offered at times and places designated by the board or NCEES. Descriptions of typical content of the examinations will be made available to individuals through the board or NCEES.

D. Any individual found to have engaged in conduct which subverts or attempts to subvert the examination process may, at the discretion of the board, have his/her scores on the examination withheld and/or declared invalid, have disciplinary action taken as described in R.S. 37:698-700 and/or be subject to the imposition of other appropriate sanctions.

E. The board may require individuals who are seeking to take an examination to demonstrate their knowledge of the laws and rules of the board, and the English language. Such individuals must be able to speak and write the English language. Proficiency in English may be evidenced by possession of a baccalaureate degree taught exclusively in English, or by passage of both the TOEFL (test of English as a foreign language) paper-based exam with a score of 550 or better (213 or better on the TOEFL computer-based exam) and the TSE (test of spoken English) exam with a score of 45 or better. Individuals requesting a waiver from the TOEFL and/or TSE requirements must submit a written request and supporting reasoning to the board. A waiver from the TOEFL and/or TSE requirements may be granted by the board upon receipt of one of the following:

1. a passing score on the Graduate Record Examination (GRE); or
2. transcripts which verify the successful completion of 6 full-time semesters (6 credit hours per semester) toward a graduate engineering degree in the United States.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:688.

HISTORICAL NOTE: Promulgated by the Department of Transportation and Development, Board of Registration for Professional Engineers and Land Surveyors, LR 5:113 (May 1979), amended LR 7:647 (December 1981), LR 11:363 (April 1985), LR 16:774 (September 1990), LR 19:57 (January 1993), amended by the Department of Transportation and Development, Professional Engineering and Land Surveying Board, LR 27:1030 (July 2001), LR 30:1714 (August 2004), LR 35:1909 (September 2009), LR 37:2413 (August 2011), repromulgated 37:2752 (September 2011), amended LR 38:2565 (October 2012), LR 39:2282 (August 2013), LR 42:1104 (July 2016), LR 44:618 (March 2018), LR 47:894 (July 2021).

**§1309. Approval to Take the Examinations in the Principles and Practice of Land Surveying and in the Louisiana Laws of Land Surveying**

A. Except as otherwise provided in Subsection B, only an individual who meets all of the other requirements for licensure as a professional land surveyor may be permitted to take the examinations in the principles and practice of land surveying and in the Louisiana laws of land surveying.

B. An individual who has already been duly certified as a land surveyor intern by the board may be permitted to take the examination in the principles and practice of land surveying, even though such individual has not yet met the experience requirement for licensure as a professional land surveyor.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:688.

## Chapter 15. Experience

### §1501. Recognition of Experience

A. The board will not recognize experience acquired by an applicant in violation of the licensure law of any state, territory, or possession of the United States, or the District of Columbia.

B. In considering applications for licensure by comity, the board may recognize examinations passed before the applicant had accrued sufficient qualifying experience according to Louisiana experience requirements in effect at the time, if:

1. the examination was passed in accordance with the laws and regulations in effect at the time in the jurisdiction in which the applicant was examined; and
2. the experience deficiency according to Louisiana experience requirements has been satisfied as of the date of the application to the Louisiana board.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 37:688.

**HISTORICAL NOTE:** Promulgated by the Department of Transportation and Development, Board of Registration for Professional Engineers and Land Surveyors, LR 5:112 (May 1979), amended LR 7:647 (December 1981), amended by the Department of Transportation and Development, Professional Engineering and Land Surveying Board, LR 27:1031 (July 2001), LR 30:1715 (August 2004), LR 36:1034 (May 2010), LR 44:619 (March 2018).

### §1503. Graduate-Level Engineering Degree

A. An applicant who has obtained a master's degree in engineering which has followed a baccalaureate degree in engineering from an accredited engineering curriculum may use the master's degree for credit for one year's experience. An applicant who has obtained an earned doctoral degree in engineering which has followed a baccalaureate degree in engineering from an accredited engineering curriculum may use the doctoral degree for credit for two years' experience. The two-year's credit for the doctoral degree includes the one year for a master's degree.

B. An applicant who has obtained an earned doctoral degree in engineering which has followed either a baccalaureate degree in engineering from a non-accredited engineering curriculum or a baccalaureate degree in a related

science or engineering technology curriculum may use the doctoral degree for credit for one year's experience.

### §1505. Work Experience

A. No applicant will be allowed credit of more than one year of experience for both work and education during any consecutive 12-month period.

#### B. Engineering Work Experience

1. For any required engineering work experience obtained in a state, territory, or possession of the United States, or the District of Columbia, it should be obtained under the supervision of a professional engineer holding a valid license to engage in the practice of engineering issued to him/her by proper authority of a state, territory, or possession of the United States, or the District of Columbia, or, if not, an explanation shall be made showing why such experience should be considered acceptable.

2. At least two years of any required engineering work experience obtained outside of a state, territory, or possession of the United States, or the District of Columbia, shall be obtained under the supervision of a professional engineer holding a valid license to engage in the practice of engineering issued to him/her by proper authority of a state, territory, or possession of the United States, or the District of Columbia. The remainder of such experience should also be obtained under the supervision of a professional engineer holding a valid license to engage in the practice of engineering issued to him/her by proper authority of a state, territory, or possession of the United States, or the District of Columbia, or, if not, an explanation shall be made showing why the remainder of such experience should be considered acceptable.

#### C. Land Surveying Work Experience

1. For any required land surveying work experience obtained in a state, territory, or possession of the United States, or the District of Columbia, it should be obtained under the supervision of a professional land surveyor holding a valid license to engage in the practice of land surveying issued to him/her by proper authority of a state, territory, or possession of the United States, or the District of Columbia, or, if not, an explanation shall be made showing why such experience should be considered acceptable.
