

District of Columbia, who has submitted an application for certification in accordance with the requirements of R.S. 37:694, and who was duly certified as an engineer intern by the board.

2. Graduates with Advanced Engineering Degree. The applicant shall be a graduate of a non-accredited engineering or related science or engineering technology curriculum of four years or more approved by the board as being of satisfactory standing, who has obtained an engineering graduate degree in an engineering discipline or sub-discipline from a college or university having an undergraduate accredited engineering curriculum in the same discipline or sub-discipline, approved by the board as being of satisfactory standing and in accordance with §1105, who is of good character and reputation, who has passed the examination required by the board in the fundamentals of engineering, who was recommended for certification by a professional engineer holding a valid license to engage in the practice of engineering issued to him/her by proper authority of a state, territory, or possession of the United States, or the District of Columbia, who has submitted an application for certification in accordance with the requirements of R.S. 37:694, and who was duly certified as an engineer intern by the board.

3. Other Non-Accredited Engineering Graduates. The applicant shall be a graduate of a non-accredited engineering curriculum of four years or more approved by the board as being of satisfactory standing, who has a specific record of four years or more of verifiable progressive experience obtained subsequent to graduation, on engineering projects of a level and scope satisfactory to the board, who is of good character and reputation, who has passed the examination required by the board in the fundamentals of engineering, who was recommended for certification by a professional engineer holding a valid license to engage in the practice of engineering issued to him/her by proper authority of a state, territory, or possession of the United States, or the District of Columbia, and having a personal knowledge of his/her engineering experience, who has submitted an application for certification in accordance with the requirements of R.S. 37:694, and who was duly certified as an engineer intern by the board.

B. The authority for the executive director to issue a certificate can only be granted by the board.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:688.

HISTORICAL NOTE: Promulgated by the Department of Transportation and Development, Board of Registration for Professional Engineers and Land Surveyors, LR 2:352 (November 1976), amended LR 5:114 (May 1979), LR 6:735 (December 1980), LR 7:644 (December 1981), amended by the Department of Transportation and Development, Professional Engineering and Land Surveying Board, LR 27:1027 (July 2001), LR 30:1711 (August 2004), LR 32:1618 (September 2006), LR 37:2412 (August 2011), LR 38:2563 (October 2012), LR 43:343 (February 2017), LR 44:616 (March 2018).

§903. Professional Engineer Licensure

A. The requirements for licensure as a professional engineer under the alternatives provided in the licensure law are as follows:

1. the applicant for licensure as a professional engineer shall be an engineer intern, or an individual who meets the qualifications to be an engineer intern, who has a verifiable record of four years or more of progressive experience obtained subsequent to meeting the educational and applicable experience qualifications to be an engineer intern on engineering projects of a level and scope satisfactory to the board, who is of good character and reputation, who has passed the examination(s) required by the board in the principles and practice of engineering in the discipline(s) of engineering in which the applicant seeks to be listed, who was recommended for licensure by five personal references (at least three of whom must be professional engineers who have personal knowledge of the applicant's engineering experience and character and ability), who has submitted an application for licensure in accordance with the requirements of R.S. 37:694, and who was duly licensed as a professional engineer by the board; or

2. the applicant for licensure as a professional engineer shall be an individual who holds a valid license to engage in the practice of engineering issued to him/her by proper authority of a state, territory, or possession of the United States, or the District of Columbia, based on requirements that do not conflict with the provisions of the licensure law and which were of a standard not lower than that specified in the applicable licensure law in effect in Louisiana at the time such license was issued, who is of good character and reputation, who has submitted an application for licensure in accordance with the requirements of R.S. 37:694, and if the state, territory, or possession, or the District of Columbia, in which he/she is licensed will accept the licenses issued by the board on a comity basis, and who was duly licensed as a professional engineer by the board; or

3. the applicant for licensure as a professional engineer shall be a graduate of an accredited engineering curriculum of four years or more approved by the board as being of satisfactory standing who has a verifiable record of 20 years or more of progressive experience obtained subsequent to meeting the educational qualification on engineering projects of a level and scope satisfactory to the board, who is of good character and reputation, who has passed the examination(s) required by the board in the principles and practice of engineering in the discipline(s) of engineering in which the applicant seeks to be listed, who was recommended for licensure by five personal references (at least three of whom must be professional engineers who have personal knowledge of the applicant's engineering experience and character and ability), who has submitted an application for licensure in accordance with the requirements of R.S. 37:694, and who was duly licensed as a professional engineer by the board.

B. The requirements for licensure as a professional engineer under the alternatives provided in R.S. 37:3651(A) are as follows:

1. the applicant for licensure as a professional engineer shall be a member of the military, or a United States Department of Defense civilian employee assigned to duty in this state, who holds a current and valid license to engage in the practice of engineering issued to him/her by proper authority of a state, territory, or possession of the United States, or the District of Columbia, who has held such license for at least one year, who has passed any examinations and met any education, training, or experience standards as required by such other jurisdiction, who is held in good standing by such other jurisdiction, who has received education and experience as a member of the military at a level that is comparable to the requirements for licensure under R.S. 37:693(B)(2)(a) and Paragraph 1 of Subsection A herein, who does not have a disqualifying criminal record as determined by the board under the laws of this state, who has not had a professional or occupational license revoked by another state, territory, or possession of the United States, or the District of Columbia, because of negligence or intentional misconduct related to their work in the profession or occupation, who has not surrendered a professional or occupational license because of negligence or intentional misconduct related to their work in the profession or occupation in another state, territory, or possession of the United States, or the District of Columbia, who does not have a complaint, allegation, or investigation pending in another state, territory, or possession of the United States, or the District of Columbia, which relates to unprofessional conduct or an alleged crime, who has submitted an application for licensure in accordance with the requirements of R.S. 37:694, and who was duly licensed as a professional engineer by the board; or

2. the applicant for licensure as a professional engineer shall be a spouse or dependent of a member of the military or a United States Department of Defense civilian employee, if the member or civilian employee has received military orders for a change of station to a military installation or assignment located in this state or has established this state as their state of legal residence as reflected in their military record, who holds a current and valid license to engage in the practice of engineering issued to him/her by proper authority of a state, territory, or possession of the United States, or the District of Columbia, who has held such license for at least one year, who has passed any examinations and met any education, training, or experience standards as required by such other jurisdiction, who is held in good standing by such other jurisdiction, who does not have a disqualifying criminal record as determined by the board under the laws of this state, who has not had a professional or occupational license revoked by another state, territory, or possession of the United States, or the District of Columbia, because of negligence or intentional misconduct related to their work in the profession or occupation, who has not surrendered a professional or occupational license because of negligence or intentional misconduct related to their work in the profession or

occupation in another state, territory, or possession of the United States, or the District of Columbia, who does not have a complaint, allegation, or investigation pending in another state, territory, or possession of the United States, or the District of Columbia, which relates to unprofessional conduct or an alleged crime, who has submitted an application for licensure in accordance with the requirements of R.S. 37:694, and who was duly licensed as a professional engineer by the board.

C. The requirements for licensure as a professional engineer under the alternatives provided in R.S. 37:3651(B) are as follows:

1. the applicant for licensure as a professional engineer shall be a member of the military who has lawfully engaged in the practice of engineering for at least three years in a state, territory, or possession of the United States, or the District of Columbia, that does not use a professional or occupational license or government certification to regulate the practice of engineering, who has received education and experience as a member of the military at a level that is comparable to the requirements for licensure under R.S. 37:693(B)(2)(a) and Paragraph 1 of Subsection A herein, who has not had a professional or occupational license revoked by another state, territory, or possession of the United States, or the District of Columbia, because of negligence or intentional misconduct related to their work in the profession or occupation, who has not surrendered a professional or occupational license because of negligence or intentional misconduct related to their work in the profession or occupation in another state, territory, or possession of the United States, or the District of Columbia, who does not have a complaint, allegation, or investigation pending in another state, territory, or possession of the United States, or the District of Columbia, which relates to unprofessional conduct or an alleged crime, who has submitted an application for licensure in accordance with the requirements of R.S. 37:694, and who was duly licensed as a professional engineer by the board; or

2. the applicant for licensure as a professional engineer shall be a spouse or dependent of a member of the military or United States Department of Defense civilian employee assigned duty in this state, who has lawfully engaged in the practice of engineering for at least three years in a state, territory, or possession of the United States, or the District of Columbia, that does not use a professional or occupational license or government certification to regulate the practice of engineering, who has not had a professional or occupational license revoked by another state, territory, or possession of the United States, or the District of Columbia, because of negligence or intentional misconduct related to their work in the profession or occupation, who has not surrendered a professional or occupational license because of negligence or intentional misconduct related to their work in the profession or occupation in another state, territory, or possession of the United States, or the District of Columbia, who does not have a complaint, allegation, or investigation pending in another state, territory, or possession of the United States, or the District of Columbia, which relates to

PROFESSIONAL AND OCCUPATIONAL STANDARDS

unprofessional conduct or an alleged crime, who has submitted an application for licensure in accordance with the requirements of R.S. 37:694, and who was duly licensed as a professional engineer by the board.

D. The requirements for licensure as a professional engineer under the alternatives provided in R.S. 37:3651(C) are as follows:

1. the applicant for licensure as a professional engineer shall be a member of the military, or a United States Department of Defense civilian employee assigned duty in this state, who has lawfully engaged in the practice of engineering for at least two years in a state, territory, or possession of the United States, or the District of Columbia, that does not use a professional or occupational license or government certification to regulate the practice of engineering, who holds a current and valid private certification to engage in the practice of engineering, who is held in good standing by the organization that issued such private certification, who has received education and experience as a member of the military at a level that is comparable to the requirements for licensure under R.S. 37:693(B)(2)(a) and Paragraph 1 of Subsection A herein, who has not had a professional or occupational license revoked by another state, territory, or possession of the United States, or the District of Columbia, because of negligence or intentional misconduct related to their work in the profession or occupation, who has not surrendered a professional or occupational license because of negligence or intentional misconduct related to their work in the profession or occupation in another state, territory, or possession of the United States, or the District of Columbia, who does not have a complaint, allegation, or investigation pending in another state, territory, or possession of the United States, or the District of Columbia, which relates to unprofessional conduct or an alleged crime, who has submitted an application for licensure in accordance with the requirements of R.S. 37:694, and who was duly licensed as a professional engineer by the board; or

2. the applicant for licensure as a professional engineer shall be a spouse or dependent of a member of the military or United States Department of Defense civilian employee, who has lawfully engaged in the practice of engineering for at least two years in a state, territory, or possession of the United States, or the District of Columbia, that does not use a professional or occupational license or government certification to regulate the practice of engineering, who holds a current and valid private certification to engage in the practice of engineering, who is held in good standing by the organization that issued such private certification, who has not had a professional or occupational license revoked by another state, territory, or possession of the United States, or the District of Columbia, because of negligence or intentional misconduct related to their work in the profession or occupation, who has not surrendered a professional or occupational license because of negligence or intentional misconduct related to their work in the profession or occupation in another state, territory, or possession of the United States, or the District of Columbia,

who does not have a complaint, allegation, or investigation pending in another state, territory, or possession of the United States, or the District of Columbia, which relates to unprofessional conduct or an alleged crime, who has submitted an application for licensure in accordance with the requirements of R.S. 37:694, and who was duly licensed as a professional engineer by the board.

E. The provisions of Subsections B, C and D shall not apply to any applicant who received a dishonorable discharge or to a military spouse whose spouse received a dishonorable discharge.

F. In Subsections B, C and D, the term *military* shall mean the armed forces or reserves of the United States, including the Army, Navy, Marine Corps, Coast Guard, Air Force, and the reserve components thereof, the National Guard of any state, the military reserves of any state, or the naval militia of any state.

G. In Subsections B, C and D, the term *dependent* shall mean a resident spouse or resident unmarried child under 21 years of age, a child who is a student under 24 years of age and who is financially dependent upon the parent, or a child of any age who is disabled and dependent upon the parent.

H. The authority for the executive director to issue a license can only be granted by the board.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:688 and 37:3651.

HISTORICAL NOTE: Promulgated by the Department of Transportation and Development, Board of Registration for Professional Engineers and Land Surveyors, LR 2:352 (November 1976), amended LR 5:114 (May 1979), LR 5:365 (November 1979), LR 6:735 (December 1980), LR 7:644 (December 1981), LR 10:804 (October 1984), LR 11:362 (April 1985), LR 19:56 (January 1993), amended by the Department of Transportation and Development, Professional Engineering and Land Surveying Board, LR 27:1028 (July 2001), LR 30:1712 (August 2004), LR 32:1619 (September 2006), LR 37:2412 (August 2011), LR 38:2564 (October 2012), LR 39:1060 (April 2013), LR 39:2801 (October 2013), LR 43:538 (March 2017), LR 43:1419 (July 2017), LR 44:616 (March 2018), LR 47:491 (April 2021), LR 47:894 (July 2021).

§905. Temporary Permit to Practice Engineering

A. A person who is not a resident of and has no established place of business in Louisiana may be granted a temporary permit to practice or offer to practice engineering in Louisiana when such practice does not exceed 120 consecutive days in any calendar year, provided such person is licensed to practice engineering in their own state, territory, or possession of the United States, or the District of Columbia, in which the requirements and the qualifications for obtaining a license are not lower than those specified in the licensure law, and provided further that before beginning such temporary practice in Louisiana, the person shall have applied to the board, paid the prescribed fee, and received a temporary permit, and upon the conclusion of such work they shall advise the board as to the period of time that they have practiced in Louisiana under such temporary permit.

B. An individual who has applied to the board for licensure pursuant to §903.B, §903.C, or §903.D shall be
